

## Volunteers needed!

Barbecue on the River is just around the corner. Last year The Laurel Foundation raised \$17,000 there. This included some corporate monies. To date, a total of \$160,000+ has been collected since its beginning in 2006. The challenge is to top last year's total right here in River City! Help TLF serve child cancer victims and fund research. For more information on our work, go to [www.thelaurelfoundation.com](http://www.thelaurelfoundation.com).

Booth set-up will be Wednesday, 22 September, and take-down Sunday morning, 26 September. Wednesday night through Saturday, the booth needs staffing with about 7 people per shift. Success depends on your help serving up Marshall Green's tasty barbecue. A good time is had and we go home with a song in our hearts. Ask your friends, school, work and church families to join us in this effort. Each one can make a difference. Serving others is the best work of life!

Or you might choose to call on or write companies or churches to donate on a continuing basis. TLF is a public charity with tax ID number.
